

100U & 103U Dump Body

*A continued tradition
since the early 1900's*

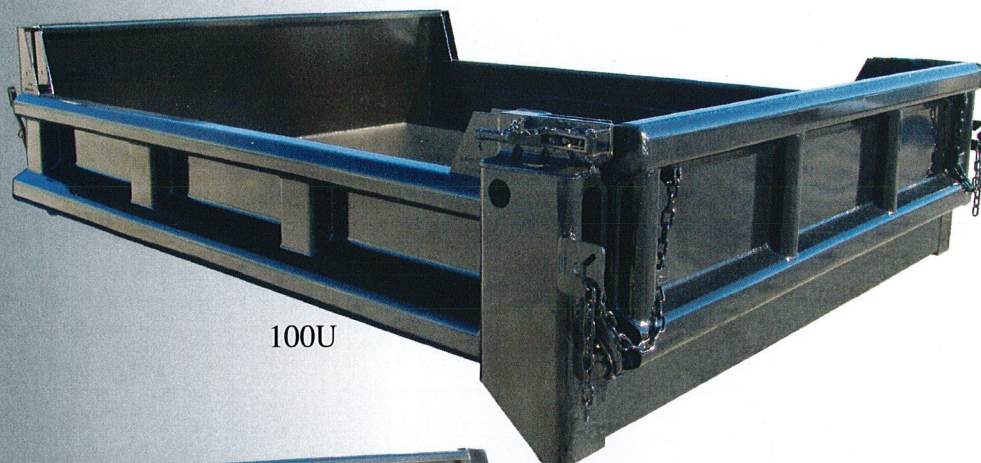

Tough & Versatile

The Galion 100U & 103U bodies are designed for superior service on 9900 - 19500 GVWR cab/chassis'. The 100U features all 10 gauge high tensile steel floors, tailgate, head sheets and sides while the 103U is constructed with 10 gauge stainless steel. Front corner posts, two intermediate side braces, full depth rear corner posts and boxed "material-shedding" top rails are also standard.
