

130U & 133U Dump Body

*A continued tradition
since the early 1900's*

Tough & Versatile

The Galion 130U and 133U bodies are designed for superior service on 9900 - 19500 GVWR cab/chassis'. These bodies feature a 3/16" high tensile steel floor, 10 gauge high tensile tailgate, head sheets and sides. The 133U is constructed with stainless steel while the 130U uses carbon steel. Front corner posts, smooth sides, full depth rear corner posts and boxed "material-shedding" top rails are also standard.
