

STORM BOXX™ PUSHER PLOWS

For the really big jobs, Fisher Engineering offers a full line of heavy-duty snow pushers designed to move maximum yards of snow in minimal time. The FISHER® STORM BOXX pusher plow attaches quickly and easily to your Skid-Steer, Backhoe or Wheel Loader.

SKID-STEER MODEL

BACKHOE MODEL

WHEEL LOADER MODEL

STANDARD FEATURES:

1

Structural Steel Channel Support with Stiffeners

Each channel is internally-lined with stiffener ribs to give it unparalleled structural integrity. Engineered for bucket-impact strength.

2

Quick Change Attachment System

Fully formed gussets support both the upper and lower post which connect directly with the internal stiffener ribs, for strength and support.

3

Supporting Posts

Side-support posts are positioned to resist bending from curb or other accidental impact.

4

Industry Standard AR Wear Shoes

Abrasion-resistant wear shoes are designed for long operational life.

5

Professional Duty Rubber Cutting Edges

Adjustable and reversible rubber cutting edge uses a tested premium rubber to meet professional duty standards.

6

Industrial Paint With Dense Primer

Salt-tested, high-quality paint resists the elements to protect the steel.
