

# HOTSHOT-50

BY Meyer

## Easy to Maneuver, Perfect for Narrow Areas

Meyer's 50 lb. capacity drop spreader is perfect for placing any kind of dry, free-flowing ice melting material exactly where you need it. The 20-inch spread width makes quick work of ice and snow on narrow walkways or paths. The infinitely adjustable rate control switch allows you to drop just the right amount of material.

# Precise placement in hard to reach areas

The Meyer Hotshot-50 is the ideal drop spreader for treating narrow paths, walkways, sidewalks or any other hard to reach areas. It places ice melt material exactly where you want it, protecting landscaping or other delicate areas.

## Large capacity hopper

Poly hopper holds 50 lbs. of material, while resisting corrosion.

## Axle

Features poly axle for longer life.

## Adjustable handle

Set the handle to your desired height with easy to adjust bolts and wing nuts.

## Rate control with lockable setting

Controls material flow rate to reduce waste.

## Large diameter 12" tires

Features five poly spokes and rustproof rims, making it easy to use on snow and ice.

## Spread the following dry, free-flowing materials

## Product Specifications

Part#	Capacity	Spread Width	Materials	Hopper Material	Tire Dia.	Frame Material
38165	50 lbs.	20"	Salt, Sand, Ice Melt	Poly	12"	Carbon Steel
