CTECH
MANUFACTURING

DRAWER CATALOG

With a passion for racing, Jim Greenheck, CTech Manufacturing President/ Owner, needed a quality storage solution when on the road with his drag car. Jim sought after his own design and built the first CTech cabinet. He took into consideration "MOBILE APPLICATION" when engineering the first CTech products and that still holds true to this day.

*CTech was developed to be lighter, stronger, and of a higher quality than what was available. With new innovations to our products over time the base framework for the mobile application has stayed the same allowing CTech to gain the reputation of being **the most respected storage solution in the market.***

We now offer all aluminum carts, cabinet, drawers and tactical cabinets which cover a number of different industries. Our products have been used in a variety of mobile and stationary applications.

CTECH stays engaged with customers to deliver new and innovative solutions every day. From major race teams to global energy companies, our people, technology, and engineering practices allow us to continue this trend of innovation.

**WE BUILD
IT BETTER**

**NO MATTER WHAT INDUSTRY
WE GUARANTEE A SUPERIOR PRODUCT**

TOP STYLES:

None -

With no top option you can extend the drawer unit to the top of a compartment if the clear opening allows for it.

Flat -

Turns the top of any Tool Drawer Unit into a great work surface and gives a quality finished appearance when powder coated in the same color as the drawer faces. Height: 0.125"

Fixed Tray -

Add another area of storage with the fixed top. Its design allows for a shallow tray that keeps items from rolling off the top. Powder Coat finish the same color as the drawer faces. Height: 1.313"

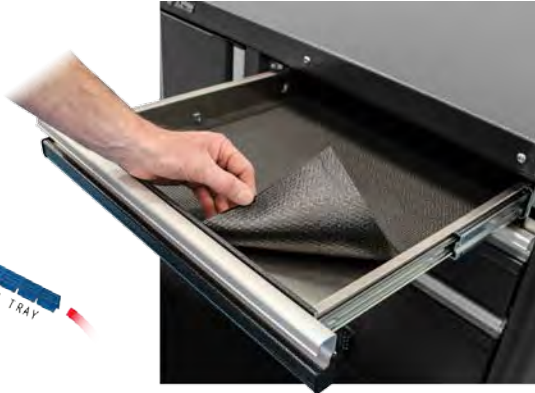

Adjustable Tray -

Maintain the same storage benefits of the fixed tray and still have the adjust-ability to mount the adjustable wings to secure the tool drawer unit. Powder Coat finish the same color as the drawer faces. Height: 1.313"

DRAWER ADD ONS:

Liner - Heavy duty reinforced industrial liner

*Dealers - Use CTech Express and build a custom unit for an instant quote.

CUSTOM NOTCHING:

Notching-
Standard drawer units that require rear notching for a specific manufacturer truck body come with the correct notch size, but when building a custom unit notching measurements are needed.

DRAWER LOCKS:

Security of your tools and supplies is important when your livelihood depends on them to perform your job. CTech has drawer lock options available for that added piece of mind.

SLIDE CAPACITY:

Standard Duty -
250lbs rating. More than enough drawer slide for 95% of the applications.

Extreme Duty -
500lbs rating. Just like the name says, these slides are designed for extreme conditions.

PREMIUM DRAWERS FOR THE WORKING PROFESSIONAL

“CTech maximizes storage of our trucks. Servicing heavy equipment at all ends of the backwoods and every weather condition, my equipment is pushed to the limits. CTech aluminum drawers always perform and they are loaded to the max. CTech provides a great product and is easy to work with.”

*Dustin Conley

DRAWERS

"I've worked in some of the toughest, most remote places on earth; from Alaska, to the Yukon and the heights of the Rocky Mountains. I need equipment that can stand up to the rigors of my work environment and the rough demands of my everyday work. My CTech drawers have definitely answered that call. They are by far superior to any other drawers I've used in my service trucks. Not only are they stout and durable, my CTech drawers keep my tools organized, even after driving over the rocky terrain of remote worksites. I know I can count on my CTech drawers to stand up to anything I can put them through and continue to roll smoothly and keep my equipment safe and sound. I wouldn't trust my most valuable assets to any other drawer system."

- Juan Ibarra***

“Truck Utilities chooses CTech Manufacturing drawers for their service trucks because of CTech’s high quality, fantastic looks, and the superior functionality of the Motion-Latch™ system. CTech’s lightweight aluminum drawers result in increased payload which is important when every pound counts. Every company talks quality and say all the right things but CTech Manufacturing backs up what they say by unparalleled customer service, engineering, and sales teams which is all held together by a dedicated hands on owner! Truck Utilities is proud to provide its customers with CTech drawers.”
