

NEXT GENERATION

TOUGHLINE PLATFORM

NEXT GENERATION

With a legacy of American manufacturing pride, new forward-thinking leadership and innovative new products and features, the Next Generation of Parkhurst Manufacturing is ready to be your premiere platform body supplier.

The Toughline Platform is a heavy duty and versatile body. It provides a solid foundation for stake racks, grain racks, landscape racks, contractor racks and many others.

The Next Generation Toughline Platform body has new and improved features, including structural channel crossmembers, heavier gauge side and end rails and Sikkens epoxy primer and polyurethane paint.

The Toughline Platform has numerous options and accessories to handle most all your flatbed needs.
