

## CONTRACTOR RACKS

### NEXT GENERATION

With a legacy of American manufacturing pride, new forward-thinking leadership and innovative new products and features, the Next Generation of Parkhurst Manufacturing is ready to be your premiere platform body supplier.

Parkhurst Contractor Racks are built to the highest quality standards possible and are ready to work in the most demanding conditions day in and day out. This Next Generation application includes the right body for any contractor hauling supplies and material to or from the jobsite. Parkhurst Contractor Racks are available in a variety of lengths to ensure the right fit for any application.

Parkhurst Contractor Racks are compatible with all standard Toughline platform bodies, and are complete with two side options, lift out style or drop down style. Topped with a durable gloss black powder finish, this rack remains tough, load after load.

Parkhurst Contractor Racks are a functional, durable and versatile option, ready to lead the way in delivering the toughest loads for the long haul.
